

Inserting and Linking to an Anchor

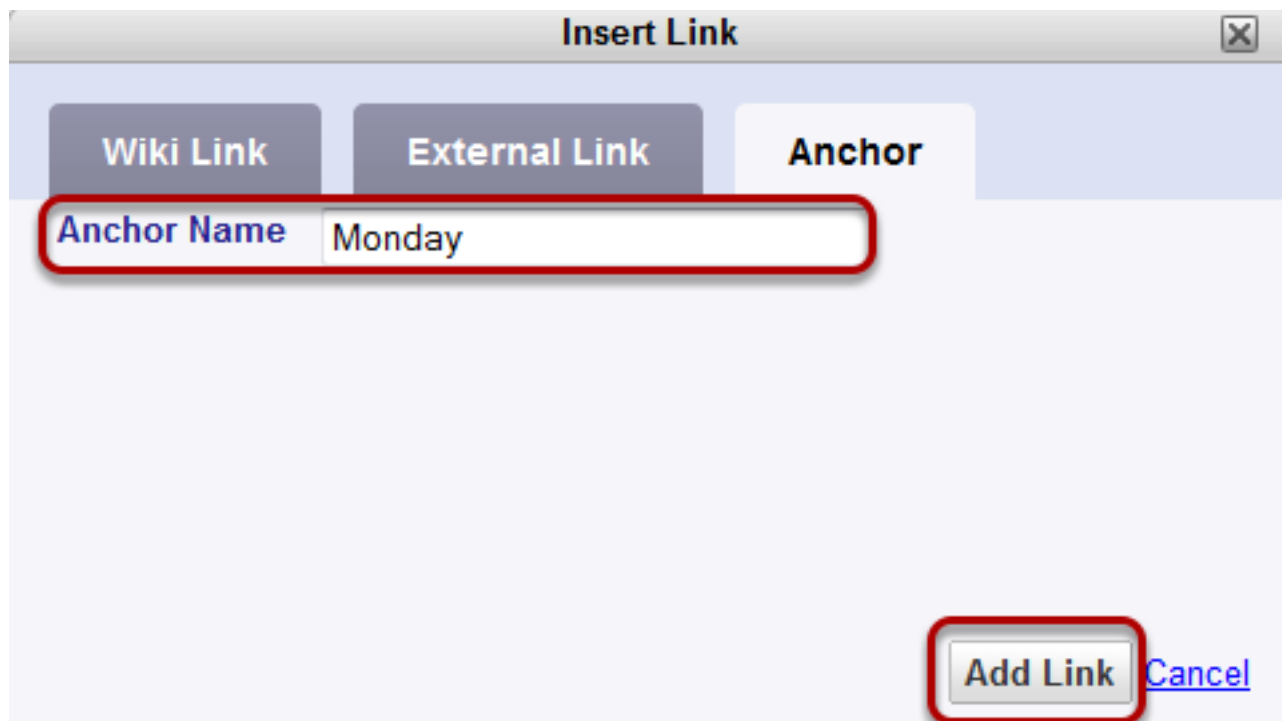

Adding links to anchors is one way to help users with navigation within a long page of text.

Click on the Insert Link icon in the editing toolbar. Then, choose the "Anchor" tab.

The screenshot shows the 'Insert Link' dialog box with three tabs: 'Wiki Link', 'External Link', and 'Anchor'. The 'Anchor' tab is selected. Below the tabs is a text input field labeled 'Anchor Name' which is currently empty. At the bottom right of the dialog are two buttons: 'Add Link' and 'Cancel'.

Give the Anchor a name and choose Add Link.

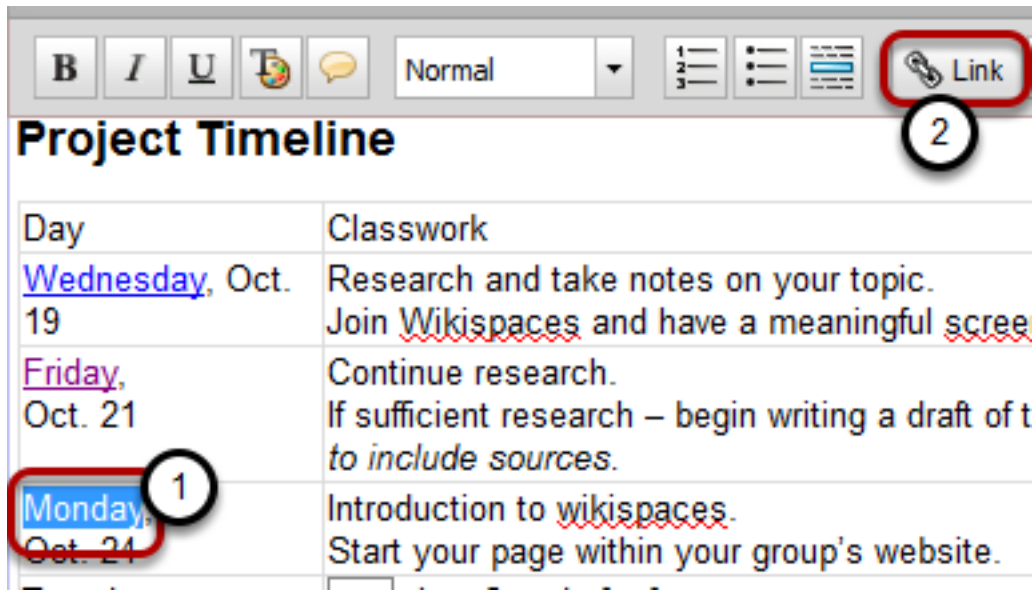

The screenshot shows the 'Insert Link' dialog box with the 'Anchor' tab selected. The 'Anchor Name' input field now contains the text 'Monday'. The 'Add Link' button at the bottom right is highlighted with a red rounded rectangle, indicating it should be clicked.

You will see an Anchor icon appear where your cursor was in the document.

 Monday - Introduction to Wikispaces

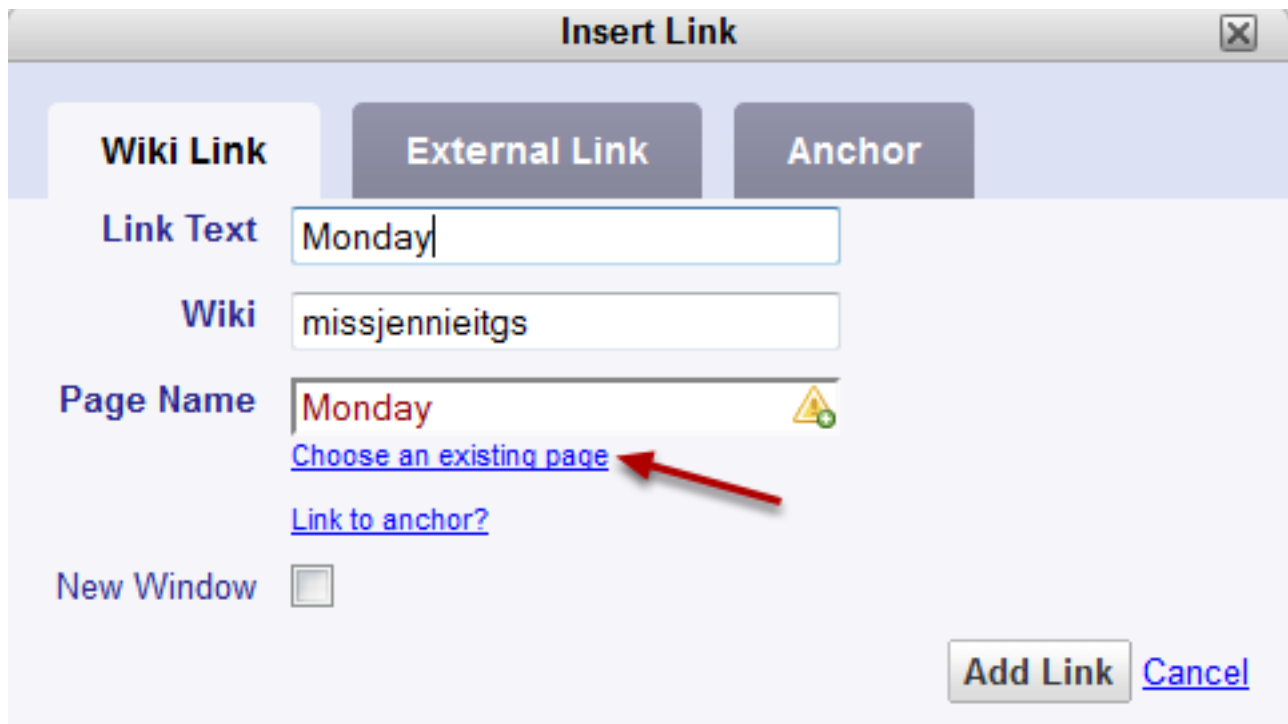

To create a link to the anchor, highlight the text and choose link.

Project Timeline

Day	Classwork
Wednesday , Oct. 19	Research and take notes on your topic. Join Wikispaces and have a meaningful scree
Friday , Oct. 21	Continue research. If sufficient research – begin writing a draft of <i>to include sources</i> .
Monday , Oct. 24	Introduction to wikispaces . Start your page within your group's website.

Click on "Choose an existing page"

Insert Link

Wiki Link **External Link** **Anchor**

Link Text: Monday

Wiki: missjennieitgs

Page Name: Monday 

[Choose an existing page](#) 

[Link to anchor?](#)

New Window

Add Link [Cancel](#)

Choose the page from the drop-down menu. Then, type in the Anchor name and Add Link.

The image shows a dialog box titled "Insert Link" with three tabs: "Wiki Link", "External Link", and "Anchor". The "Anchor" tab is selected. The fields are as follows:

- Link Text:** Monday
- Wiki:** missjennietgs
- Page Name:** E-Waste Wiki Project (1)
- Anchor:** Monday (2)
- New Window:**
- Buttons:** Add Link (3), [Cancel](#)
